

Zayo Enterprise Networks Now Offering LifeSize High Definition Video Conferencing Solutions

Industry Leading Communications Solutions Enable Anyone, Anywhere to Communicate in High Definition

Louisville, CO., Jan. 27, 2010 – Zayo Enterprise Networks today announced an agreement with LifeSize Communications, a division of Logitech, to resell LifeSize HD video communications solutions. The agreement enables Zayo, a leader in fiber-based bandwidth solutions for carrier, enterprise and government customers, to offer the award-winning LifeSize products and deliver a superior quality communications experience in industry-leading price performance solutions. With LifeSize, videoconferencing becomes a simple extension of Zayo's IP voice and data network, requiring no separate infrastructure.

With the increasing customer demand for videoconferencing solutions, combining the expertise of LifeSize with Zayo's reliable infrastructure and support will create a simple and accessible solution for businesses of all size.

"We are pleased to have Zayo Enterprise Networks join our partner network to expand the availability of LifeSize solutions," said Joe Vitalone, vice president of America's sales, for LifeSize Communications. "We realize the tremendous value our reseller partners bring to LifeSize and we are committed to providing them with a fully encompassing channel program that supports their efforts and contributes to their ultimate success. We are looking forward to working with Zayo Enterprise Networks to deliver the LifeSize HD experience to customers."

"LifeSize is a leader in HD video communications," said Randall Holman, Product Manager at Zayo Enterprise Networks. "With LifeSize added to our portfolio, Zayo is now able to meet the demand of customers who are looking to adopt this technology to help reduce their business costs and improve productivity."

LifeSize pioneered high definition video communications to deliver the telepresence experience from the desktop to the conference room with up to Full HD 1080p video. With the ability to provide HD video communications under 1Mbps, as well as the highest resolution available at any bandwidth, LifeSize systems enable customers to cost-effectively deploy HD video communications. The full suite of LifeSize solutions is immediately available for order from Zayo Enterprise Networks.

About Zayo Enterprise Networks
