---

DEFINITIONS

Certain terms used generally throughout this Tariff are described below.

Advance Payment

Part or all of a payment required before the start of service

Access Services

The Company's intrastate switched exchange access services offered pursuant to this Tariff.

Busy Hour Minutes of Capacity (BHMC)

The term "Busy Hour Minutes of Capacity (BHMC)" denotes the Customer specified maximum amount of Switched Access Service and/or Directory Assistance Service access minutes the Customer expects to be handled in an End Office during any hour in an 8:00 a.m. to 11:00 p.m. period for the Feature Group and/or Directory Assistance Service ordered. This Customer specified BHMC quantity is the input data the Company uses to determine the number of transmission paths for the Feature Group and/or Directory Assistance Service ordered.

Carrier or Common Carrier

See Interexchange Carrier.

Commission

The Arizona Corporation Commission

DEFINITIONS, Continued

Company Calling Card

A telephone calling card issued by the Company at the Customer's request, which enables the Customer or User(s) authorized by the Customer to place calls over the Network and to have the charges for such calls billed to the Customer's account.

Customer

Any individual, person, firm, partnership, association, joint-stock company, trust, governmental entity, corporation or other entity that directly or indirectly orders access Service. A customer is deemed responsible for the payment of charges and compliance with the Company's regulations. An Interexchange Carrier is deemed a Customer of the Company if any of the Interexchange Carrier directly or indirectly sends traffic to or receives traffic from a local routing number (LRN) where the central office code (NPA-NXX) is assigned to the Company. The use of the Company's access service constitutes an order for such service and requires compliance with the obligates, rates, and charges as set forth in this Tariff, regardless of whether the Customer has affirmatively requested service or has an executed service order. Company otherwise adopts the definition in R14-2-501(9) to the extent applicable.

End Office

With respect to each number assigned to the Company, the location of the Company's "End Office" for purposes of this Tariff shall be the point of interconnection associated with that NPA-NXX code in the Local Exchange Routing Guide, issued by Telcordia.

End User or User

The term "End User" denotes any customer of an interstate or foreign telecommunications service that is not a carrier, except that a carrier other than a telephone company shall be deemed to be an "End User" when such carrier uses a telecommunications service for administrative purposes and a person or entity that offers telecommunications services exclusively as a reseller shall be deemed to be an "End User" if all resale transmission offered by such reseller originate on the premises of such reseller.

Boulder, Colorado 80301

---

DEFINITIONS, Continued

Exchange Telephone Company

Denotes any individual, partnership, association, joint-stock company, trust, or corporation engaged in providing switched communication within an exchange.

Feature Group D or "FGD"

FGD Service provides a trunk-side termination through the use of end office or access tandem switch trunk equipment. Wink-start, start pulsing and answer-supervisory signaling are sent by the terminating office. Disconnect-supervisory signaling is sent from the originating or terminating office. When FGD uses Signaling System 7 out of band signaling, no signaling will be done via the message channel. FGD Service, when used in the terminating direction, may be used to access valid numbers served by the Company's switch, community information services of an information provider, and other Customer services (by dialing appropriate codes) when such services can be reached using valid NXX codes.

Incidental Service

Denotes service provided to a Customer under this Tariff that is not provided through a written agreement with Customer and will be held to have been constructively ordered.

Individual Case Basis (ICB):

A service arrangement in which the regulations rates and charges are developed based on the specific circumstances of the case, unless otherwise prohibited by law or regulation.

Interexchange Carrier (IXC) or Interexchange Common Carrier

"Interexchange carriers" or "IXCs" means any long-distance telephone carriers authorized by the Commission to provide long distance, interLATA telecommunications service, but not local exchange services, within the State borders.

Intrastate Switched Access Service

Provides for a switched two-point communications path between a Customer's premises or a collocated interconnection location and an End User's premises for originating and terminating calls within the state.

LATA

"LATA" means one of the geographic local access and transport areas established as a result of the AT&T divestiture, pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the NATIONAL EXCHANGE CARRIER ASSOCIATION, Inc. Tariff F.C.C. No. 4.

Corporate Attorney  
Zayo Group, LLC  
1821 30<sup>th</sup> Street, Unit A  
Boulder, Colorado 80301

DEFINITIONS, Continued

Network

Refers to the Company's facilities, equipment, and services provided under this Tariff

Recurring Charge

The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Commencement Date

The first date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service, which does not conform to standards set forth in a written agreement or this Tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and the Customer may mutually agree on a substitute Service Commencement Date. If the Company does not have an executed agreement from a Customer or is providing an Incidental Service, the Service Commencement Date will be the first date on which the service or facility was used by a Customer.

Serving Wire Center

The term "Serving Wire Center" denotes the wire center from which the Customer designated premises would normally obtain dial tone.

Shared

A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Effective: July 18, 2024

Issued By:  
Corporate Attorney  
Zayo Group, LLC  
1821 30<sup>th</sup> Street, Unit A  
Boulder, Colorado 80301

DEFINITIONS, Continued

Toll Free

A term to describe an inbound communications service which permits a call to be completed at a location without charge to the calling party. Access to the service is gained by dialing a ten (10) digit telephone number (e.g. NPA is 800, 888, etc.).

Universal Emergency Telephone Number (911) Service

Wherever feasible, the Company will provide a universal Central Office number "911" for the use of Public Safety Agencies having the responsibility to protect the safety and property of the general public. It is intended that use of 911 Service will provide the public with a means of simple and direct telephone access to a Public Safety Answering Point.

Wire Center

A building in which one or more central offices, used for the provision of Exchange Services are located.

Issued By:  
Corporate Attorney  
Zayo Group, LLC  
1821 30<sup>th</sup> Street, Unit A  
Boulder, Colorado 80301

APPLICATION OF TARIFF

This Tariff applies to intrastate switched exchange access service supplied to Customers for origination and termination of traffic to and from Central Office codes directly assigned to Zayo Group, LLC in the State of Arizona.

Company provides exchange access Services contained in this Tariff under a Multiple Bill-Multiple Tariff method, as set forth in the Alliance for Telecommunications Industry Solutions Inc. Ordering and Billing Forum Multiple Exchange Access Billing document, ATIS/OBF-MECAB-08, Issue 8 dated January 2003. This method allows one provider to bill for other providers within the Multiple Bill option when there are more than two companies providing the Service. The number of bills rendered is less than the total number of companies providing the Service. Each provider's Tariff or contract rates are applied and displayed separately for each company's portion of the service provided.

This Tariff applies only to the extent that facilities are available and services provided hereunder are used by a Customer for the purpose of originating or terminating intrastate communications.

## REGULATIONS

### 2.1 Undertaking of the Company

#### 2.1.1 Scope

The Company undertakes to furnish Intrastate Switched Access Services in accordance with the terms and conditions set forth in this Tariff.

#### 2.1.2 Shortage of Facilities

All Service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing services when necessary because of the lack of transmission medium capacity or because of any causes beyond its control.

#### 2.1.3 Terms and Conditions

- A) Service is provided on the basis of a minimum period of at least one month, 24-hours per day, unless otherwise deemed Incidental Service. For the purpose of computing charges in this Tariff, a month is considered to have 30 days.
- B) Customers may be required to enter into written service orders, which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this Tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C) In any action between the parties to enforce any provision of this Tariff, the prevailing party shall be able to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.
- D) This Tariff shall be interpreted and governed by the laws of Arizona and Commission regulations regardless of choice of laws and regulation provisions.

REGULATIONS, Continued

2.1 Undertaking of the Company, Continued

2.1.4 Limitations on Liability

- A) Except as otherwise stated in this section, the liability of the Company for damages arising out of either: (1) the furnishing of its services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representatives, or use of these services or (2) the failure to furnish its service, whether caused by acts or omission, shall be limited to the extension of allowances to the Customer for interruptions in service as set forth in Section 2.7.
- B) Except for the extension of allowances to the Customer for interruptions in service as set forth in Section 2.7, the Company shall not be liable to a Customer or third party for any direct, indirect, special, incidental, reliance, consequential, exemplary or punitive damages, including, but not limited to, loss of revenue or profits, for any reason whatsoever, including, but not limited to, any act or omission, failure to perform, delay, interruption, failure to provide any service or any failure in or breakdown of facilities associated with the service.
- C) The liability of the Company for errors in billing that result in overpayment by the Customer shall be limited to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and service has been discontinued, to a refund of the amount erroneously billed.

2.1.4 Limitations on Liability, Continued

- D) The Company shall not be liable for any claims for loss or damages involving:
- 1) Any act or omission of: (a) the Customer, (b) any other entity furnishing service, equipment or facilities for use in conjunction with services or facilities provided by the Company; or (c) common carriers or warehousemen;
  - 2) Any delay or failure of performance or equipment due to causes beyond the Company's control, including but not limited to, acts of God, fires, floods, earthquakes, hurricanes, or other catastrophes; national emergencies, insurrections, riots, wars or other civil commotions; strikes, lockouts, work stoppages or other labor difficulties; criminal actions taken against the Company; unavailability, failure or malfunction of equipment or facilities provided by the Customer or third parties; and any law, order, regulation or other action of any governing authority or agency thereof;
  - 3) Any unlawful or unauthorized use of the Company's facilities and services;
  - 4) Libel, slander, invasion or privacy or infringement of patents, trade secrets, or copyrights arising from or in connection with the transmission of communications by means of Company-provided facilities or services

D) (cont'd)

- 5) Breach in the privacy or security of communications transmitted over the Company's facilities;
- 6) Changes in any of the facilities, operations or procedures of the Company that render any equipment, facilities or services provided by the Customer obsolete, or require modification or alteration of such equipment, facilities or services, or otherwise affect their use or performance, except where reasonable notice is required by the Company and is not provided to the Customer, in which event the Company's liability is limited as set forth in Section 2.1.4, preceding;
- 7) Defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof,
- 8) Injury to property or injury or death to persons, including claims for payments made under Workers' Compensation law or under any plan for employee disability or death benefits, arising out of, or caused by, any act or omission of the Customer, or the construction, installation, maintenance, presence, use or removal of the Customer's facilities or equipment connected, or to be connected to the Company's facilities;
- 9) Any intentional, wrongful act of a Company employee when such act is not within the scope of the employee's responsibilities for the Company and/or is not authorized by the Company;

REGULATIONS, Continued

2.1 Undertaking of the Company, Continued

2.1.4 Limitations on Liability, Continued

- F) The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere. The Company shall be indemnified, defended and held harmless by the Customer from and against any and all claims, loss, demands, suits, or other action, or any liability whatsoever, including attorney fees, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the Customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any equipment or facilities or the service.
- G) The Company assumes no responsibility for the availability or performance of any cable or satellite systems or related facilities under the control of other entities, or for other facilities provided by other entities used for service to the Customer, even if the Company has acted as the Customer's agent in arranging for such facilities or services. Such facilities are provided subject to such degree of protection or non-preemptibility as may be provided by the other entities.
- H) Except as otherwise stated in this Tariff, any claim of whatever nature against the Company shall be deemed conclusively to have been waived unless presented in writing to the Company within thirty (30) days after the date of the occurrence that gave rise to the claim.

REGULATIONS, Continued

2.1 Undertaking of the Company, Continued

2.1.4 Limitations on Liability, Continued

- I) The Company will operate as specified in these and other applicable Tariffs. Due to the interdependence among telecommunications companies, and the interrelationship with non-Company processes, equipment, and systems, the Company is not responsible for failures caused by circumstances beyond its control including, but not limited to, failures caused by:

1. a local exchange carrier;
2. customer premise equipment; or
3. an End User or Customer.

In addition, the Company is not liable for any incompatibility between the Company's Services and any non-Company services used by a Customer or an End User.

---

REGULATIONS, Continued

2.1 Undertaking of the Company, Continued

2.1.5 Provision of Equipment and Facilities

- A) Except as otherwise indicated, Customer-provided station equipment at the Customer's premises for use in conjunction with this service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- B) The Company shall not be responsible for the installation, operation or maintenance of any Customer-provided communications equipment. Where such equipment is connected to service furnished pursuant to this Tariff, the responsibility of the Company shall be limited to the furnishing of services under this Tariff and to the maintenance and operation of such services in the proper manner. Subject to this responsibility, the Company shall not be responsible for:
  - 1. the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission; or
  - 2. the reception of signals by Customer-provided equipment; or
  - 3. network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

2.1.6 Ownership of Facilities

Title to all facilities provided in accordance with this Tariff remains in the Company, its agents, contractors or suppliers.

REGULATIONS, Continued

2.2 Prohibited Uses

- A) The services the Company offers shall not be used for any unlawful purpose or for any use for which the Customer has not obtained all required governmental approvals, authorization, licenses, consents and permits.
- B) The Company may require applicants for service who intend to use the Company's offering for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and regulations, policies, orders, and decisions.
- C) The Company may require a Customer to immediately shut down its transmission if such transmission is causing interference to others.
- D) A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated access services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this Tariff will apply.

REGULATIONS, Continued

2.3 Obligations of the Customer

2.3.1 Customer Premises Provisions

- A) The Customer shall provide the personnel, power and space required to operate all facilities and associated equipment installed on the premises of the Customer.
- B) The Customer shall be responsible for providing Company personnel access to premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

2.3.2 Liability of the Customer

- A) The Customer will be liable for damages to the facilities of the Company and for all incidental and consequential damages caused by the negligent or intentional acts or omissions of the Customer, its officers, employees, agents, invitees, or contractors where such acts or omissions are not the direct result of the Company's negligence or intentional misconduct.
- B) To the extent caused by any negligent or intentional act of the Customer as described in (A), preceding, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees, for (1) any loss, destruction or damage to property of any third party, (2) the death of or injury to persons, including, but not limited to, employees or invitees of either party, and (3) any liability incurred by the Company to any third party pursuant to this or any other Tariff of the Company, or otherwise, for any interruption of, interference to, or other defect in any service provided by the Company to such third party.

1821 30<sup>th</sup> Street, Unit A  
Boulder, Colorado 80301

---

REGULATIONS, Continued2.3 Obligations of the Customer, Continued2.3.3 Jurisdictional Report Requirements

- A) If Feature Group D Switched Access Service(s) is available and provided, the Company, where jurisdiction can be determined from the call detail, will determine the projected interstate percentage as follows. For originating access minutes, the projected interstate percentage will be developed on a monthly basis by End Office trunk group when the Feature Group D Switched Access Service access minutes are measured by dividing the measured interstate originating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total originating access minutes when the call detail is adequate to determine the appropriate jurisdiction. For terminating access minutes, the Customer has the option to provide the Company with a projected PIU factor. Customers who provide a PIU factor shall supply the Company with an interstate percentage of the Feature Group D terminating access minutes for each account to which the Customer may terminate traffic.

Should the Customer not supply a terminating PIU Factor, the data used by the Company to develop the projected interstate percentage for originating access minutes will be used to develop projected interstate percentage for such terminating access minutes. When a Customer orders Feature Group D Switched Access Service, the Customer shall supply a projected interstate percentage of use for each End Office trunk group involved to be used in the event that originating call details are insufficient to determine the jurisdiction for the call. This percentage shall be used by the Company as the projected interstate percentage for such call detail. For purposes of developing the projected interstate percentage, the Customer shall utilize the same considerations as those set forth in Section 2.3.3(B) following.

Effective: July 18, 2024

Issued By:  
Corporate Attorney  
Zayo Group, LLC  
1821 30<sup>th</sup> Street, Unit A  
Boulder, Colorado 80301

REGULATIONS, Continued2.3 Obligations of the Customer, Continued2.3.3 Jurisdictional Report Requirements, ContinuedA) (cont'd)

The Company will designate the number obtained by subtracting the projected interstate percentage for originating and terminating access minutes from 100 ( $100 - \text{projected interstate percentage} = \text{intrastate percentage}$ ) as the projected interstate percentage of use.

If the Customer has no originating traffic within the End Office for which sufficient call detail exists to develop a PIU factor, and the Customer has not supplied a PIU factor on either the quarterly update report or the Access Service Request, the Company will designate a PIU factor of 50% for Feature Group D terminating access minutes. For originating Toll Free access minutes, where the call detail is insufficient to determine the jurisdiction of the call, the Customer shall provide the Company with a projected PIU factor. If such a PIU has not been provided for Toll Free access minutes, the Company will designate the default PIU factor of 50%. This factor will be applied to the next billing cycle and continue until the Customer provides a PIU factor. When the Customer does provide the PIU factor, the Company will update the customer's PIU factors within fifteen (15) business days.

- B) For purposes of developing the projected interstate percentage, the Customer shall consider every call that enters the Customer's network at a point within the same state as the state where the called station is located to be intrastate and every call that enters the Customer's network at a point in a state different from the state in which the called station is located to be interstate.

---

REGULATIONS, Continued

2.3 Obligations of the Customer, Continued

2.3.3 Jurisdictional Report Requirements, Continued

- C) These whole number percentages will be used by the Company to apportion the use, rates, and/or nonrecurring charges between interstate and intrastate until a revised report is received.
- D) The projected interstate percentage of use will be used to determine the charges as follows:

The number of access minutes for a trunk group will be multiplied by the projected interstate percentage of use to determine the interstate access minutes (i.e., number of access minutes x projected interstate percentage of use = interstate access minutes). The number of interstate access minutes so determined will be subtracted from the total number of access minutes (i.e., number of access minutes interstate access minutes intrastate access minutes). The intrastate access minutes for the group will be billed as set forth in Section 5 following.

REGULATIONS, Continued

2.3 Obligations of the Customer, Continued

2.3.3 Jurisdictional Report Requirements, Continued

- E) Effective on the first of January, April, July and October of each year, the Customer may update the jurisdictional reports that require a projected interstate percentage. The Customer shall forward to the Company, to be received no later than 20 calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate and intrastate use. Except as set forth in Section 2.3.3(A) preceding where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three months billing and will be effective on the bill date in the following month (i.e., February, May, August, and November) for that service. No prorating or back billing will be done based on the report. If the Customer does not supply the report, the Company will assume the percentage to be the same as that provided in the last quarterly report. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentage to be the same as that provided in the order for service as set forth in Section 2.3.3(A) preceding.

REGULATIONS, Continued

2.3 Obligations of the Customer, Continued

2.3.3 Jurisdictional Report Requirements, Continued

- F) The Customer reported projected interstate percentage of use as set forth in Section 2.3.3(A) preceding will be used for the apportionment of any monthly rates or nonrecurring charges associated with Feature Groups B or D Switched Access Service until the end of the quarter during which the service was activated. Thereafter, a projected interstate percentage for such apportionment will be developed quarterly by the Company based on the data used to develop the projected interstate percentage of use as set forth in Section 2.3.3(A) preceding. Where call detail is insufficient to make such a determination, the Customer will be requested to project a interstate percentage of use to be used by the Company for such apportionment.
- G) The Customer shall keep sufficient detail from which the percentage of interstate use can be ascertained and upon request of the Company make the records available for inspection. Such a request will be initiated by the Company no more than once per year. The Customer shall supply the data within 30 calendar days of the Company request.
- H) The terms and conditions described in Section 2.3.3 shall apply only in the event Company provides Feature Group D Switched Access Services.

REGULATIONS, Continued

2.3 Obligations of the Customer, Continued

2.3.3 Jurisdictional Report Requirements, Continued

I) VoIP-PSTN Traffic

1. Scope: VoIP-PSTN Traffic is the traffic exchanged in Time Division Multiplexing (“TDM”) format that originates and/or terminates in Internet Protocol (“IP”) format. Telecommunications traffic originates and/or terminates in IP format if it originates from and/or terminates to an end-user customer of a service that requires Internet protocol-compatible customer premises equipment. This section governs the identification of toll VoIP-PSTN traffic subject to interstate switched access rates in accordance with the Federal Communications Commission Report and Order in WC Docket Nos. 10-90, etc., FCC Release No. 11-161 (Nov. 18, 2011) (“FCC Order”). This section establishes the method of distinguishing toll VoIP-PSTN traffic from the Customer’s total intrastate access traffic, so that toll VoIP-PSTN traffic will be billed in accordance with the FCC Order.

I) VoIP-PSTN Traffic, Continued

2. Rating of Toll VoIP-PSTN Traffic:

- a. Originating Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable tariffed interstate switched access rates between December 29, 2011 and July 12, 2012.
- b. Originating Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable tariffed intrastate switched access rates between July 13, 2012 and June 30, 2014. (PVU factors described in 2.3.3.I).3 do not apply.)
- c. Originating Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable tariffed interstate switched access rates effective July 1, 2014.
- d. Terminating Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable tariffed interstate switched access rates.
- e. The Company's FCC switched access tariff can be found via: <https://www.zayo.com/policies/us-tariffs/>

REGULATIONS, Continued

## 2.3 Obligations of the Customer, Continued

## 2.3.3 Jurisdictional Report Requirements, Continued

## I) VoIP-PSTN Traffic, Continued

## 3. Calculation and Application of Percent-VoIP-Usage Factor

The Company will determine the number of toll VoIP-PSTN Traffic minutes of use (“MOU”) to which interstate rates will be applied under subsection .2, above, by applying a Percent VoIP Usage (“PVU”) factor to the total intrastate access MOU exchanged between the Company and the Customer. The PVU will be derived and applied as follows:

- a. The Customer will calculate and furnish to the Company a factor (“PVU-Customer”), along with supporting documentation, representing the percentage of the total intrastate access MOU that the Customer exchanges with the Company in the State, that (a) is sent to the Company and that originates in IP format and (b) is received from the Company and terminates in IP format. This PVU-Customer shall be based on verifiable information such as the number of the Customer’s retail VoIP subscriptions in the State (e.g., as reported on the FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.
- b. Company will, likewise, calculate a factor (PVU-Company) representing the percentage of the Company’s total intrastate access MOU in the State that the Company originates or terminates in IP format. This PVU-Company shall be based on the number of the Company’s retail VoIP subscriptions in the State as reported on FCC Form 477.

## 2.3 Obligations of the Customer, Continued

## 2.3.3 Jurisdictional Report Requirements, Continued

## I) VoIP-PSTN Traffic, Continued

## 3. Calculation and Application of Percent-VoIP-Usage Factor, Continued

- c. After the Company verifies the PVU-Customer factor provided by the Customer the Company will use the PVU-Customer and PVU-Company factors to calculate an effective PVU factor that represents the percentage of total access MOU exchanged between the Company and the Customer that is originated or terminated in IP format, whether at the Company's end, at the Customer's end, or at both ends. The PVU factor will be calculated as:  $PVU\text{-}Customer + PVU\text{-}Company \times (1 - PVU\text{-}Customer)$ .
- d. In the event that the Company cannot verify the Customer's PVU-Customer factor based upon the information provided by the Customer, the Company will request additional information to support the PVU-Customer. The Customer shall supply reasonably requested additional information and other information used to determine the PVU-Customer factor. If after review of the additional information, the Customer and the Company establish a revised and mutually agreed upon PVU-Customer, the Company will begin using the new factor with the next bill period.

## I) VoIP-PSTN Traffic, Continued

## 4. Initial PVU Factor

If the PVU factor is not available and/or cannot be implemented in the Company's billing systems by December 29, 2011, once the factor is available and can be implemented, the Company will adjust the Customer's bills to reflect the PVU retroactively to December 29, 2011. In calculating the initial PVU, the Company will take the Customer-specified PVU-Customer into account retroactively to December 29, 2011, provided that the Customer provides the factor to the Company prior to April 15, 2012. If the Customer does not furnish the Company with a PVU-Customer, the Company will utilize a PVU-Customer equal to zero percent.

The initial PVU-Company is equal to zero percent.

## 5. PVU Factor Updates:

The Customer may update the PVU-Customer factor or the Company may update the PVU-Company factor quarterly using the method set forth in subsection 2.3.3.I)3., above. If the Customer chooses to submit such updates, it shall forward to the Company, no later than 15 days after the first day of January and/or July of each year a revised PVU-Company factor and supporting documentation. Once verified by the Company the revised PVU-Company factor will apply prospectively and serve as the basis for billing until superseded by a new verified factor.

## 6. PVU Factor Verification

- a. Not more than twice in any year, the Company may request from the Customer an overview of the process used to determine the PVU factor(s), the call detail records, description of the method for determining how the Customer's end-users originate and terminate calls in IP format, and other information used to determine the Customer's PVU factor(s) furnished to the Company in order to validate the PVU factor(s) supplied. The Customer shall comply with each such Company request, and shall reasonably supply the requested data and information within 15 days of the Company's request.
- b. The Company may dispute the Customer's PVU factor(s) based upon:
  - i. A review of the requested data and information provided by the Customer;
  - ii. The Company's reasonable review of other market information, FCC reports on VoIP lines, such as FCC Form 477, or state level results based on the FCC's Local Competition Report, or other relevant data;
  - iii. A change in a reported PVU factor by more than five percentage points from the preceding quarter.
- c. If, after review of the data and information, the Customer and the Company establish revised a PVU factor(s), the Company will begin using the revised PUV factor(s) in the next billing cycle.

REGULATIONS, Continued

2.4 Customer Equipment and Channels

2.4.1 Interconnection of Facilities

- A) In order to protect the Company's facilities and personnel and the services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.

2.4.2 Inspections

- A) The Company may, upon notification to the Customer, at a reasonable time, make such tests and inspections as may be necessary to determine that the requirements regarding the equipment and interconnections are being complied with in respect to the installation, operation and maintenance of Customer-provided equipment and in the wiring of the connection of Customer channels to Company-owned facilities.
- B) If the protective requirements in connections with Customer provided equipment are not being complied with, the Company may take such action as necessary to protect its facilities and personnel and will promptly notify the Customer by registered mail in writing of the need for protective action. In the event that the Customer fails to advise the Company within 10 days after such notice is received or within the time specified in the notice that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including canceling service, to protect its facilities and personnel from harm. The Company will upon request 24 hours in advance provide Customer with a statement of technical parameters that the Customer's equipment must meet.

REGULATIONS, Continued

2.5 Customer Deposits and Advance Payments

2.5.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount up to two months of estimated monthly usage charges. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit.

2.5.2 Deposits

- A) To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills *on* presentation. The deposit will *not exceed* an amount equal to: two and a half months' charges for a service or facility which has a minimum payment period of one month, pursuant to A.A.C. R14-2-503 B.6. for non-residential Customers
- B) A deposit may be required in addition to an advance payment.

REGULATIONS, Continued

2.5 Customer Deposits and Advance Payments, Continued

2.5.2 Deposits, Continued

- C. The Company will pay interest on all deposits made for the purpose of establishing credit at a percentage rate of 4.9 percent. This rate will be adjusted annually, if necessary, based on the effective interest rate of bank deposits on December 1 of each year. In no case will interest be allowed for a period extending beyond the date a refund is due or the date service is terminated, whichever date is earlier. Interest will be computed from the date the deposit is paid and will be distributed to the Customer in accordance with the following:
1. As an annual credit to the Customer's account, not to be performed more than once in a twelve (12) month period; or
  2. As an annual payment, not to be distributed more than once in a twelve (12) month period, as requested by the Customer; or
  3. As part of a refund of the entire deposit; or
  4. As part of the application of the deposit to an unpaid bill of the Customer.

REGULATIONS, Continued2.6 Payment Arrangements, Continued2.6.3 Billing DisputesA) General

All bills are presumed accurate, and shall be binding on the Customer unless notice of the disputed charge(s) is received by the Company within 30 days (commencing 5 days after such bills have been mailed or otherwise rendered per the Company's normal course of business). For the purposes of this section, "notice" is defined as written notice to the Company, containing sufficient documentation to investigate the dispute, including the account number under which the bill has been rendered, the date of the bill, and the specific items on the bill being disputed.

B) Late Payment Charge

- 1) The undisputed portions of the bill must be paid by the payment due date to avoid assessment of a late payment charge on the undisputed amount under Section 2.6.2(E), preceding.
- 2) In the event that a billing dispute is resolved by the Company in favor of the Customer, any disputed amount withheld pending resolution of the billing dispute shall not be subject to the late payment charge.
- 3) In the event that a billing dispute is resolved in favor of the Company, the Customer shall pay the late payment charge.

REGULATIONS, Continued

2.7 Allowances for Interruptions in Service

2.7.1 General

- A) A credit allowance will be given when service is interrupted, except as specified in Section 2.7.2 following.
- B) An interruption period begins when the Company discovers that a service, facility or circuit is inoperative or when the Customer reports a service, facility or circuit to be inoperative, whichever occurs first. A service is considered to be interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this Tariff. The inoperative service, facility or circuit must be released to the Company for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- C) If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.

REGULATIONS, Continued

2.7 Allowances for Interruptions in Service, Continued

2.7.2 Limitations of Allowances

No credit allowance will be made for any interruption in service:

- A) Due to the negligence of or noncompliance with the provisions of this Tariff by any person or entity other than the Company, including but not limited to the Customer or other common carriers connected to the service of the Company;
- B) Due to the failure of power, equipment, systems, connections or services not provided by the Company;
- C) Due to circumstances or causes beyond the control of the Company;
- D) During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- E) During any period in which the Customer continues to use the service on an impaired basis;
- F) During any period when the Customer has released service to the Company for maintenance purposes or immediately following, for implementation of a Customer order for a change in service arrangements;
- G) That occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; and
- H) That was not reported to the Company within thirty (30) days of the date that service was affected.

REGULATIONS, Continued

2.7 Allowances for Interruptions in Service, Continued

2.7.3 Use of Another Means of Communications

If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used and Company will have no liability for such charges.

2.7.4 Application of Credits for Interruptions in Service

- A) Credits for interruptions in service that is provided and billed on a flat rate basis for a minimum period of at least one month, beginning on the date that billing becomes effective, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which the event that gave rise to the claim for a credit occurred. A credit allowance is applied on a pro rate basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- B) For calculating credit allowances, every month is considered to have thirty (30) days.
- C) A credit allowance of one days service will be given for all interruptions in service of 8 or more hours in a continuous twenty-four hour period.

REGULATIONS, Continued

2.7 Allowances for Interruptions in Service, Continued

2.7.5 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit which has been subject to the outage or cumulative service credits.

2.8 Cancellation of Service/Termination Liability

If a Customer cancels or terminates services before the completion of the term for any reason whatsoever other than multiple service interruptions (as defined in Section 2.7.1), Customer agrees to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.6.2.

2.8.1 Termination Liability

Customer's termination liability for cancellation of service shall be equal to:

- 1) all unpaid Non-Recurring charges reasonably expended by Company to establish service to Customer, plus;
- 2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus;
- 3) all Recurring Charges specified in any agreement for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation;

2.9.1 Unauthorized Use of the Network, Continued

- B) The following activities constitute fraudulent use:
- 1) Using the Network to transmit a message, locate a person, or otherwise give or obtain information, without payment for the service;
  - 2) Using or attempting to use the Network with the intent to avoid payment, either in whole or part, of any of the Company's Tariffed charges by either rearranging, tampering with, or making connections not authorized by this Tariff to any service components used to furnish the Company's services or using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices or electronic devices;
  - 3) Using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices or electronic devices to defraud or mislead callers.
- C) Customers are advised that use of telecommunications equipment and services, including that provided under this Tariff, carries a risk of various forms of telecommunications fraud (including, but not limited to, toll and PBX fraud perpetrated by Users who gain access to a Customer's facilities, account numbers, security or authorization codes, etc.). Customers should take all necessary steps to restrict access to their facilities, including the equipment and services provided hereunder, and to detect and prevent unauthorized use of the equipment and services provided by the Company under this Tariff.

REGULATIONS, Continued

2.10 Application of Rates

The regulations set forth in this section govern the application of rates for services contained in other sections of this Tariff

2.10.1 Charges Based on Duration of Use

Customer traffic to End Offices will be measured (i.e., recorded or assumed) by the Company. Originating and terminating calls will be measured (i.e., recorded or assumed) by the Company to determine the basis for computing chargeable access minutes. In the event the Customer message detail is not available because the Company lost or damaged tapes or experienced recording system outages, the Company will estimate the volume of lost Customer access minutes of use based on previously known values.

For originating calls over Customer's Feature Group D, usage measurement begins when the originating Customer's Feature Group D switch receives the first wink supervisory signal forwarded from the Customer's point of termination.

The measurement of originating call usage ends when the Customer's originating Feature Group D switch receives disconnect supervision from either the Company's Network, indicating the originating End User has disconnected, or the Customer's point of termination, whichever is recognized first by the Company's Network.

For terminating calls over Customer's Feature Group D, the measurement of access minutes begins when the Customer's terminating Feature Group D switch receives answer supervision from the Company's Network, indicating the terminating End User has answered. For terminating calls over Customer's FGD Access Service, the measured minutes are chargeable access minutes. Where assumed minutes are used, the assumed minutes are the chargeable access minutes.

REGULATIONS, Continued

2.10 Application of Rates, Continued

2.10.1 Charges Based on Duration of Use, Continued

The measurement of terminating call usage over Customer's Feature Group D ends when the Customer's terminating Feature Group D switch receives disconnect supervision from either the Company's Network, indicating the terminating End User has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

Customer's FGD access minutes or fractions thereof, the exact value of the fraction being a function of the Network technology where the measurement is made, are accumulated over the billing period for each End Office, and are then rounded up to the nearest access minute for each End Office.

## SERVICE DESCRIPTIONS

### 3.1 Switched Access Services

Switched Access Service, which is available to Customers for their use in furnishing their services to End Users, provides a two-point communications path between a Customer's premises and an End User's premises. It provides for the use of common terminating, switching and trunking facilities and/or functionalities. Switched Access Service provides for the ability to originate calls from an End User's premises to a Customer's premises (or a collocated interconnection location), and to terminate calls from a Customer's premises (or a collocated interconnection location) to an End User's premises in the LATA where it is provided. Switched Access Service must be ordered or provided as an Incidental Service separately for each LATA in which the Customer desires to originate or terminate calls.

Switched Access Service is provided in the following service categories, which are differentiated by their technical characteristics and the manner in which an End User or Customer accesses them when originating or terminating calls.

Terminating Switched Access provides trunk side-equivalent access to the Company's Network for the Customer's use in originating and terminating communications.

Toll Free Data Base Access Service, which is available to all Customers, provides trunk side-equivalent access to the Company's Network in the originating direction only, for the Customer's use in originating calls dialed by an End User to telephone numbers beginning with the prefix "800" or "888."

Customer's or its End User's *use* of any Incidental Service shall constitute Customer's agreement to all of the terms and conditions of this Tariff. Services provided on an incidental basis (Incidental Services) are billed to Customer on a monthly basis in accordance with Customer's recorded usage for each Service and the corresponding rates contained in the Rates Section, below.

SERVICE DESCRIPTIONS, Continued

3.1 Switched Access Services, Continued

3.1.1 Standard Rate Categories

The composite rate categories in this Section 3.1.2 apply to Switched Access Service and include the following combined categories.

A) Rate Regulations

1) Carrier Common Line

Carrier Common Line Service provides for the use of the Company's common lines by Customers for access to End Users to furnish intrastate telecommunications service.

2) End Office Switching

The Company combines traditional per minute switched access rate elements into a single composite per minute rate element. This element includes the following rate categories:

3.1.1 Standard Rate Categories, Continued

A) Rate Regulations, Continued

2) End Office Switching, Continued

a) Switched Transport

The Switched Transport rate category establishes the charges related to the provision by the Company's Network of transmission and tandem switching functionality between the Customer designated premises and the End Office(s) where the Customer's traffic is switched to originate or terminate the Customer's communications. The Switched Transport rate category also includes the functionality of transport between an End Office or equivalent within Company's Network that serves as host for a remote switching system or module.

b) End Office Switching

The End Office switching rate category establishes the charges related to the use of those portions of the Company's network that perform End Office switching functionality, the terminations in the End Office of End User lines and the termination of calls at intercept operators or recordings.

SERVICE DESCRIPTIONS, Continued3.1 Access Services, Continued3.1.2 Other Rate CategoriesA) Toll Free Data Base Access Service

Toll Free Data Base Access Service is a service offering utilizing originating trunk side Switched Access Service. The service provides for the forwarding of End User dialed Toll Free calls to a Company Service Switching Point which will initiate a query to the data base to perform the switching. Toll Free Data Base Access Service is not available as an Incidental Service.

Customer identification and delivery function. The call is forwarded to the appropriate Customer based on the dialed Toll Free number. Toll Free Data Base Access Service is comprised of the following elements:

1) Customer Identification Charge

The Toll Free Data Base Access Service Customer Identification Charge applies for the identification and delivery of Toll Free dialed traffic to the appropriate Customer. The charge is assessed to the Customer on a per query and per minute of use basis and may include an area of service which may range from a single NPA/NXX to an area consisting of all LATAs and NPAs within the operating territory of Zayo Group, LLC. The Toll Free Carrier Identification Charge is set forth in 4.1.4. The per minute of use charges can be found with the Local Transport and Local Switching rates (Section 4.1.3.).

C) Service Date Change

- 1) Access Order service dates for the installation of new services or rearrangements of existing services may be changed. A Service Date Change Charge will apply, on a per order per occurrence basis, for each service date changed, pursuant to this tariff.
- 2) A new service date may be established that is prior to the original Standard or Negotiated Interval service date if the Company determines it can accommodate the Customer's request without delaying service dates for orders of other Customers.
- 3) If the service date is changed to an earlier date, the Customer will be notified by the Company that Expedited Order Charges as set forth in this tariff will apply. Such charges will apply in addition to the Service Date Change Charge.
- 4) When, for any reason the Customer indicates that service cannot be accepted on the service date, and the Company accordingly delays the start of service, a Service Date Change Charge will apply. If the Customer requested service date is more than 120 calendar days after the original service date, the order will be canceled by the Company and reissued with the appropriate cancellation charges applied.

3.1.2. Other Rate Categories, Continued

D) Design Change

- 1) The Customer may request a design change to the service ordered. A design change is any change to an Access Order, which requires engineering review. An engineering review is a review by Company personnel of the service ordered and the requested changes to determine what change in the design, if any, is necessary to meet the changes requested by the Customer. Design changes include such things as a change of End User premises within the same serving wire center, the addition or deletion of optional features, functions, or a change in the type of Transport Termination (Switched Access only), type of channel interface, type of Interface Group or technical specification package.
- 2) Design changes do not include a change of Customer premises, End User premises to a different serving wire center or end office switch. Changes of this nature will require the issuance of a new order and the cancellation of the original order with appropriate cancellation charges applied.
- 3) The Company will review the requested change, notify the Customer whether the change is a design change, if it can be accommodated and if a new service date is required. If the Customer authorizes the Company to proceed with the design change, a Design Change Charge will apply.

D) Design Change, Continued

- 4) A Design Change Charge will apply, on a per order, per occurrence basis. This charge will also apply to change an incorrect address as long as the new address is in the same wire center as the incorrect address and the change is made prior to the issuance of the Design Layout Report (DLR). If a change of service date is required, the Service Date Change Charge will apply. If the change of End User premises within the same serving wire center is requested, Expedited Order Charges may also apply.

E) Expedited Orders

- 1) Customer may:
  - a) when placing an Access Order for service(s), request a service date that is prior to the assigned service date.
  - b) request an earlier service date on a pending or negotiated Access Order, and
  - c) request a change of End User premises within the same serving wire center.
- 2) If the Customer requests an earlier service date and/or a change of End User premises within the same serving wire center, and the Company agrees to provide the service on an expedited basis, an Expedited Order Charge will apply.
- 3) When an expedited service date is missed, the Expedited Order Charge will apply unless the missed service date is caused by the Company.
- 4) If costs other than additional labor are to be incurred when an Access Order is expedited, the Company will develop, determine and bill the Customer for the additional costs.

F) Presubscription

- 1) Presubscription is a procedure whereby an End User or location provider may select and designate to the Company an interexchange carrier(s) to access, without dialing an access code for calls leaving the local service area of the Company. The interexchange carriers are referred to as the End User's or location provider's primary interexchange carrier. The End User or location provider will be allowed to select a primary interexchange carrier for intraLATA calls and a primary interexchange carrier for interLATA calls.
- 2) Should a caller wish to use the services of an interexchange carrier other than the primary interexchange carrier, it is necessary for the caller to dial the necessary access code(s) to reach that interexchange carrier's services.
- 3) The nonrecurring charge for a primary interexchange carrier (PIC) change is billed to the End User who is the subscriber to the Local Exchange Service. However, an interexchange carrier may, at its option, may elect to pay the charge for any End User and/or location provider at any time. The nonrecurring charge for a PIC change is set forth in this Tariff.
