ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

600 South Federal is zColo's interconnection-focused downtown data center, delivering diverse low latency and high bandwidth connectivity options with close proximity to 350 E Cermak. The facility provides carrier-neutral connectivity to 23 carriers.
