ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

zColo's data center in Miami offers fully-redundant, environmentally-controlled, reliable and secure colocation solutions. The facility provides carrier-neutral connectivity to 17 carriers.
