

COLOCATION + CLOUD

Dallas, TX 6606 LBJ Freeway

ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

Optimally located in North Dallas, this state-of-the art facility is designed to accommodate demanding enterprise hosting requirements. Efficient design and contemporary infrastructure coupled with nationally competitive power rates afford our customers scalable, resilient, and cost-effective colocation services. 6606 LBJ Freeway is strategically located to provide optimal access to the DFW fiber network, one of the best and broadest in the world.
