

INTERCONNECTION

Los Angeles, CA

One Wilshire

ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

One Wilshire, in Los Angeles, is the pre-eminent point of connectivity between North America and Asia's Pacific Coast - making it one of the most significant carrier hotels in the world.

SPACE AND POWER

- 14,000 critical square feet
- Cabinets, cages and private suites
- 2 MW
- AC/DC breaker and metered power available
- N, N+1, 2N redundancy (UPS/PDU/RPP)

COOLING

- N+1 cooling towers and pumps
- Chilled water
- Cold-aisle containment available

FACILITY AMENITIES

- Loading Dock
- Office space & conference rooms available
- Wifi available throughout the building

EFFICIENCY

- High-efficiency UPS systems
- Dual-Interlock pre-action dry-pipe sprinkler system with VESDA
- LED/Flourescent lighting

RELIABILITY

- Diverse utility feeds
- N+1 Generator Redundancy
- 24x7x365 remote hands
- 24 hour, on-site fuel storage
- N+1 mechanical system
- State-of-the-art mission-critical controls and monitoring
- Systems above 500-year flood plain

CONNECTIVITY

- Diverse fiber entrances and backbone infrastructure
- Connectivity to Zayo long haul and metro networks
- Connectivity to over 240 networks

COLOCATION

Velizy, France

16 Avenue de l'Europe

ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

zColo's Velizy data center is located 12 KM from the center of Paris and is 20 min from Orly airport. The data center is a Tier III design with 2N power and cooling. The facility provides carrier neutral connectivity to 9 different carriers.

SPACE AND POWER

- 35,000 critical square feet
- Cabinets, cages and private suites
- 1.25 MVA growing to 7 MVA input from utility
- 3 diesel generators with 72 hours runtime on full load after upgrade

COOLING

- 2N redundancy after upgrade
- Cold & hot aisle containment

SECURITY

- Biometric, Security Gate, IC Card Systems, and CCTV surveillance
- 24/7 onsite manned security

FACILITY AMENITIES

- Loading dock, staging area, on site parking
- Meeting room, customer storage available

RELIABILITY

- Fully integrated monitoring
- Remote Hands available
- Tier III compliant attributes
- Fire Protection
- Azote gas fire extinguisher, VESDA after upgrade

CONNECTIVITY

- Diverse fiber entrances and backbone infrastructure
- Connectivity to Zayo long haul and metro networks
