

COLOCATION

San Diego, CA

12270 World Trade Drive

ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching myriad networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

zColo's state-of-the-art 88,000 sq. ft. facility on World Trade Drive in San Diego is ready to accommodate your most ambitious cloud and data center services. Enterprise and growing businesses can have full access to the Zayo fiber backbone, a customizable suite of data center options, true 2N power infrastructure, and redundant, carrier neutral access to multiple Tier 1 service providers.
