ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

zColo's 12,000 square foot data center on Aero Drive in Kearny Mesa has long been a symbol of reliability in the region. Since the facility opened in 2001, it has had a nearly flawless operating record and is trusted by clients to consistently provide a solid infrastructure to support their colocation and

SPACE AND POWER

- 12,000 square feet
- Cabinets and cages
- Power Options: 2N, N
- Two (2) 1-Megawatt diesel backup generators
- Supports a minimum of 48 hours run-time
- Two (2) separate UPS rooms

COOLING

- 268-refrigeration tons of devoted cooling

SECURITY

- 24x7x365 manned facility
- Perimeter detection alarms
- Recorded video surveillance throughout facility
- Biometric scanners
- Personal pin code cabinet access

FIRE SUPPRESSION

- Waterless FM-200 extinguishing agent

CONNECTIVITY

- Diverse fiber entrances and backbone infrastructure
- Connectivity to Zayo long haul and metro networks
- Multi-option bandwidth solutions
