ZAYO COLOCATION

zColo offers carrier-neutral connections to cloud, IP, financial/low-latency, content, video and peering ecosystems. Reaching a myriad of networks via direct connections across its many interconnect-focused colocation facilities, zColo also extends beyond its footprint to reach all on-net buildings across Zayo's robust fiber optic network.

*Conveniently located between Boulder and Denver on the 36-corridor, **NAP of the Flatirons** is the premier access point for Northern Colorado businesses.*
