

Financial data now flows through Bergamo, Italy, and Zayo’s network is here to help. The Euronext Exchange has relocated to the Aruba Global Data Centre IT3, which means that your data needs to relocate there as well.

Zayo’s network already provides express routes connecting key European commercial and financial exchanges. Phase two of our **recently announced Milan Metro expansion** brings you an ultra-low latency (ULL) solution connecting Frankfurt FR2, Zurich ZH4 and the Bergamo IT3 financial exchanges.

With optimised routing and exclusive partnerships, our Frankfurt to Bergamo ULL route meets the latency, diversity and security needs of our financial sector clients and partners.

**Lowest latency available** between Euronext Exchange in Bergamo (IT3) and Deutsche Börse in Frankfurt (FR2)

**Carrier and path diversity available** connecting Frankfurt, Bergamo and Zurich

**Guaranteed latency routes**

**Continued route improvements** to ensure market-leading position

## BENEFITS

### Global Connections Over Zayo’s Expansive Network

- Seamlessly connect to trading locations in Frankfurt, Zurich, London, New York, Chicago, Tokyo and more on Zayo’s extensive global network with low latency routing.
- Access more than 400 global markets across Europe, Asia, North America and Latin America.
- Simplify vendor management with Zayo’s Metro Fibre - we connect directly into your offices, data centres and cloud service providers, end-to-end.

### Flexible Diverse Service

- **Choose your capacity:** Bandwidth options up to 100G, and soon 400G.
- **Choose your diversity:** Utilise all the major data centres with multiple diverse routes.
- **Choose your latency:** Different latency tiers to meet business requirements.
- **Choose your end-points:** Zayo can break out the route at Zurich’s SIX Swiss Exchange (ZH4) data centre.

### ROUND TRIP LATENCIES

#### 1G/10G/100G

Route	A Location	Z Location	Operational Latency (ms)	Guaranteed Latency (ms)
ULL - Tier 1	FR2, ZH4 or IT3		*	*
ULL - Tier 2	FR2, ZH4 or IT3		*	*
Carrier Class	FR2	IT3	10.10	10.20
Diverse Path	FR2	IT3	21.40	21.50
Carrier Class	FR2	ZH4	5.30	5.40
Carrier Class	ZH4	IT3	4.80	4.90
