

Your users demand a flawless online experience and Zayo delivers just that.

Zayo is a Tier-1 Internet and networking force in Phoenix. We did the hard work by building and operating one of the largest fiber-optic networks in the area. And now we'll put it to work for you. Our local support team will be with you through every step of your network's evolution. By working with Zayo directly you'll get carrier-grade network quality and an effortless local experience.

### PHOENIX METRO

**Route miles of fiber: ~2,200**  
Diversify and protect your network

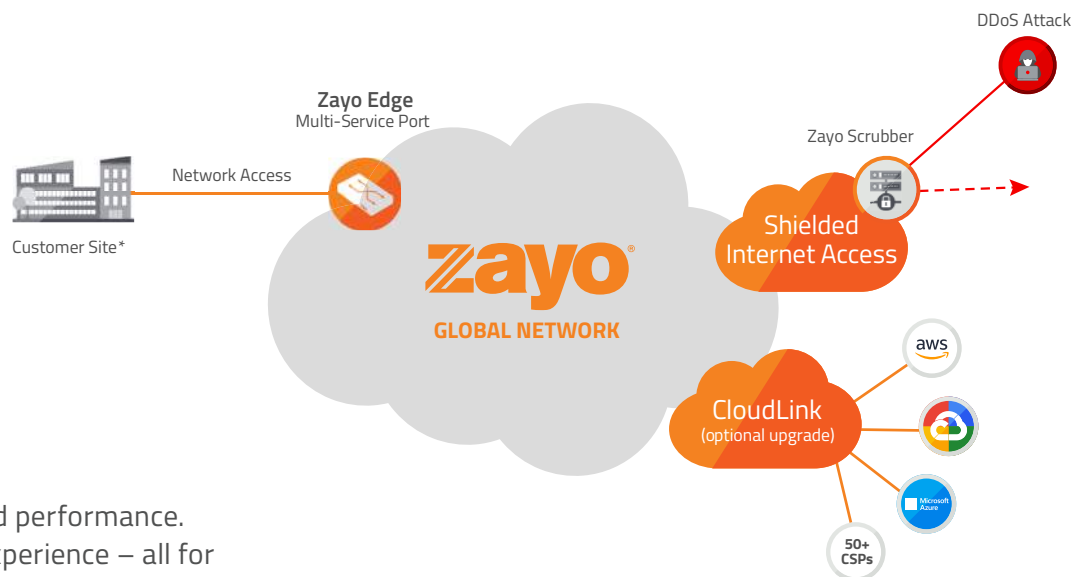

**On-net buildings: ~900**  
No third parties, for fast installation

**On-net neutral data centers: >30**  
Comprehensive cloud access

**Near-net buildings: >13,200**

Getting started with Zayo is easy. We can streamline your network and help your business grow with our **Shielded Internet Access Product Offer: Dedicated Internet Access + DDoS Protection + Optional Cloud Connectivity.**

- **Internet Access:** a dedicated connection from Zayo
- **Attack Protection:** protection against the inevitable Distributed Denial of Service (DDoS) attack
- **CloudLink Upgrade:** a direct connection to your Cloud Service Provider – virtually eliminate download charges

Improved reliability, security, and performance. Your path to the best Internet experience – all for one competitive monthly price.

\*At your site, run all three services on a single port, or choose to run them on individual ports for greater protection from outages.
