# Flexible, Efficient, and Scalable WAN Services Designed for You

**Engineered by Zayo to meet your needs today and tomorrow**

Our flexible design and infrastructure options, including private fiber networks, enable communities to attain the service that fits their goals and vision:

## Network Management

- 24x7x365 monitoring, maintenance, and troubleshooting
- Top-rated customer support

## Network Infrastructure

- All-inclusive service with carrier-grade equipment and optics
- Diverse technology options, including dark and lit fiber, Ethernet, TDM, and LTE

## Security

- Multiple security options, including 100% private, dedicated networks
- Design and support from world-class engineers

## Capacity and Throughput

- Design and implementation that maximizes throughput and stability

## Savings

- Exceptional ROI
- Federal funding expertise

## ENA's WAN services include:

- Network design and implementation
- 24x7x365 proactive monitoring
- Continuous maintenance and support
- Security and performance evaluation
- Network design tailored to customer's unique environment

Zayo understands that your technology needs change at a rapid pace. Our tailored approach ensures that your WAN infrastructure will always be future ready. Call today to schedule a meeting and discover how we can help your organization meet its technology objectives.

## About Zayo

In 2022, Zayo, the largest independently owned fiber network in North America, acquired Education Networks of America (ENA), a top-five E-rate service provider involved with the E-rate program since its inception in 1996. Zayo empowers some of the world's largest and most innovative organizations to connect what's next. The Zayo group of companies connects 400 global markets with future-ready networks that span over 18 million fiber miles and 145,000 route miles. Zayo's tailored connectivity solutions and managed services enable carriers, cloud providers, data centers, schools, and enterprises to deliver exceptional experiences from core to cloud to edge.
