Security Features

Zayo Education's Internet Access solution includes enhanced security features and tools designed to prevent and protect against network attacks, such as **Distributed Denial of Service (DDoS)** attacks. Using our **proprietary attack detection systems** we rapidly notify our engineers of any network traffic anomalies so we can neutralize them before they pose a problem to your network. And to ensure that we continue to successfully navigate today's ever-changing network security landscape, we are constantly developing new methods of strengthening and improving our networks, making sure you can meet your community's needs without disruption.

About Zayo Education

In 2022, Zayo, the largest independently owned fiber network in North America, acquired Education Networks of America (ENA), a top-five E-rate service provider involved with the E-rate program since its inception in 1996. Zayo empowers some of the world's largest and most innovative organizations to connect what's next. The Zayo group of companies connects 400 global markets with future-ready networks that span over 18 million fiber miles and 145,000 route miles. Zayo's tailored connectivity solutions and managed services enable carriers, cloud providers, data centers, schools, and enterprises to deliver exceptional experiences from core to cloud to edge.
